

Lemon Sugar Cookies - makes about 8 dozen (recipe from a friend at a Christmas Cookie Exchange)

Cream together:

- 2 cups sugar
- 1 cup butter
- 1 cup shortening

Then add 2 eggs and mix.

Add:

- 4 cups flour
- 1 ½ teaspoon soda
- 1 ½ teaspoon cream of tartar
- 1 teaspoon salt
- 3 teaspoons lemon extract

Make small balls (the smaller, the better ... helps the finished product to look better). Roll in granulated sugar.

Put on cookie sheet. Don't flatten.

Bake at 350° for 9 minutes. Allow to cool on cookie sheet for 4 minutes, then transfer to a paper-towel covered cooling rack.
