

Mock GS Mints

- 1 bag (12 oz) chocolate chips (I recommend semi-sweet.)
- 1 bag (12 oz) Andes Crème de Mint chips (These are hard to find, so call around to local stores before you head out—you'll save yourself some headache!)
- Ritz Crackers

Melt chocolate in bowl, in the microwave or double boiler, and stir. Dip the Ritz in them, and shake off excess chocolate. You can use tongs, so as not to leave finger prints. Then, place on wax paper, and put in fridge or freezer, for up to an hour to harden. THEY ARE AWESOME!

Hints from the homefront ... you could also dip them in colored sugars or cookie sprinkles for a festive look ... just like Chocolate Dipped Pretzels!
